Oleksandr Lomskyi

Senior Software Engineer.

Backend, Frontend & Full-Stack Developer specializing in Java /JavaScript frameworks and technologies.

🛠️ Skills

- Java (21)
Spring, Spring Boot, MVC, Data, Security, Cloud, AI.
Kotlin (Coroutines)

- JavaScript / TypeScript
React.js, Next.js, NodeJS, Express, jQuery, Ajax
- HTML, CSS, SASS, Tailwind

- REST, GraphQL
- Auth, JWT, Prisma, Redux

- DB: SQL, PostgreSQL, MySQL, MongoDB

- CI/CD: Git, Perforce, GitHub
- Microservices: Docker, Docker Compose, Kubernetes, Kafka, Keycloak, Grafana
- AI/LLM: AI Integration
AI-generated code refactoring.

- Other: XML, JSON, YAML, Bash, Python, OOP, MVC, MVVM
- Tools: IntelliJ Idea, VS Code, Eclipse, Android Studio, Splunk, Confluence, Jira, CodeCollab, Agile, Scrum;
- OS: Linux (Ubuntu), Windows

🌐 Languages

English - B1 (improving towards B2)
Ukrainian - C1
russian - Native

Versatile and highly educated software engineer with almost 20 years of experience in large-scale commercial projects and nearly 3 years as a technical lead. Strong expertise in backend and frontend development, system architecture, and cross-functional team collaboration.

💼 Experience

Approximate Overall Experience Breakdown:
- 11 years in Backend development
- 7 years in Frontend development
- 2 years in Full-stack development
- 8 years in Java-based development
- 7 years in JavaScript-based development

Professional Development for maintaining and deepening expertise, independent software development (10.2025 - current)

Xperi - (2020 - 10.2025)
Video streaming platform, advertising.
Main Tech stack: Java, Spring Boot, TypeScript, React, Perforce, UT, Microservices, CI/CD, CodeCollab, Jira, Agile, Scrum
Role: Senior Software Engineer, Team Lead

TiVo - (2014 - 2020)
Video streaming platform.
Main Tech stack: Java 8, Spring Framework, Perforce, UT, SQL, CodeCollab, Jira, Agile, Scrum
Role: Senior Software Engineer

Hewlett Packard Enterprise (Aruba Networks) - (2010 - 2014)
Managing wireless access points
Main Tech stack: JavaScript, Angular, Ajax, jQuery, HTML/CSS, SQL, Git
Role: Senior Software Engineer, Tech Lead (2012 - 2014)

LifeAware - Health Monitoring Systems (2010) - JavaScript, Node.js
Picaboo - Photo books (2009) - C#, .Net
RTB - E-commerce marketing (2008) - PHP
Kwedit - Online Payment Systems (2007) - Ruby / Python
Altura Solutions - Systems Integration (2006) - Java

👤 Personal Characteristics

Responsible, Balanced, Detail-oriented, Adaptable, Proactive, Collaborative, Committed to continuous learning

🎓 Education

- Odesa National I.I. Mechnikov University
- Odesa State Environmental University

Bachelor's degree in Software Engineering.

🌟Achievements & Responsibilities

- Designed and implemented architectural and functional components for scalable systems
- Engineered object behavior and logic for complex functionality
- Refactored and optimized codebases for performance, memory efficiency, and maintainability
- Migrated legacy functionality to modern, modular architectures
- Built fault-tolerant systems and resilient microservice components
- Diagnosed and resolved critical bugs across production environments
- Developed user interfaces in close collaboration with UX and design teams
- Gained experience in developing applications from scratch, including designing system architecture and database schemas
- Coordinated cross-functional collaboration with UX, QE, PO, and service teams to align technical and business goals
- Created, assigned, and tracked tasks to ensure timely and efficient delivery
- Conducted code reviews and enforced adherence to quality and security standards
- Wrote unit tests, implemented logging, and ensured clean, maintainable code

🎓 Certifications (to maintain and deepen expertise)

- Microservices with SpringBoot, Docker, Kubernetes
- Java Spring Framework, Spring Boot, Spring AI – Gen AI
- React – The Complete Guide 2025
- The Complete Full-Stack Web Development Bootcamp
- Complete Kotlin development masterclass

➕ Additional

- EcoFlow power station for stable remote work
- Registered as a private entrepreneur (FOP) in Ukraine

🎯 Hobbies & Interests

- Sports & Fitness – staying active through regular training
- Traveling – exploring new cultures, countries, connecting with nature, enjoying untouched landscapes, relaxation
- Yoga & Meditation – practicing mindfulness, balance, concentration
- Reading (paper books) – science fiction and scientific literature
